

## TIME TO CHANGE

for your wellbeing

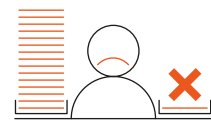

for your business

**2 in 3** British employees complain of back pain in the workplace

Back pain costs the UK economy  
**£5 billion**  
a year

Sitting for long periods is linked to **depressive symptoms** and **low productivity**

SMART  ERGO design and build **smart ergonomic** products that provide **flexibility**, attention to **lifestyle** and improved **wellbeing** in the home, office, retail, health and educational environments.

The FLAIR DUO 2.1C is ideal for home offices, co-working and small to medium-sized enterprises.

Bench conversions are great for large work areas, offering an easy to maintain, structured layout and giving you the flexibility to customise and add the features you need.

SMART  ERGO  
flexibility • wellbeing • lifestyle

FLAIR DUO 2.1C  
Height-Adjustable Bench Conversion

## JOIN THE SIT-STAND REVOLUTION

A Sit-Stand desk is designed to make you more active through your working day. It stops your metabolism going to "sleep" and reduces the excess pressure on your back from prolonged sitting.

The Sit-Stand way of working is designed to give you the best of both worlds – optimising both sitting and standing positions for great posture.

Standing for 4 hours a day, 5 days a week, over a year equals:

burning  
**31200 Kcal**

swimming  
**208 KM**

running  
**550 KM**

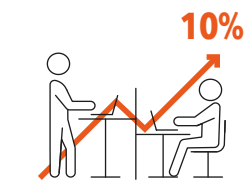

cycling  
**1430 KM**

With the option to work both seated or standing, **60% of employees** believe they'll be **more productive**.

**increase** staff happiness

**raise** productivity

**boost** employee retention

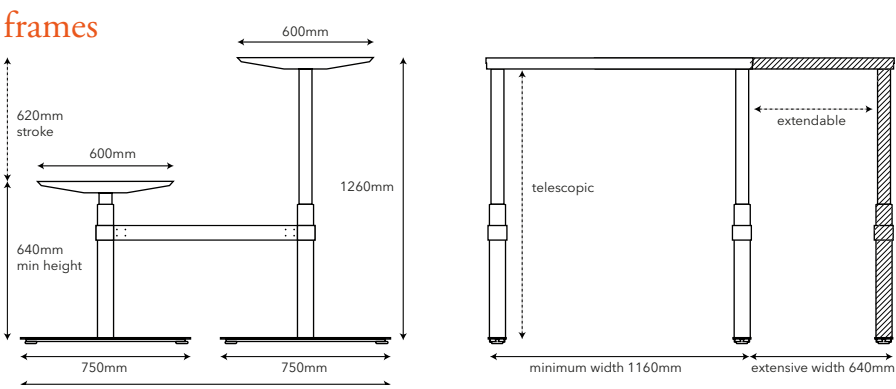

# FLAIR DUO 2.1C

Our unique Bench Conversion Kit enables the assembly of the FLAIR DUO 2.1C and offers the easy configuration for economic and flexible office planning.

Shared cable tray and screen fixing offers a neat, convenient and personalised workspace. To compliment our workstations you can choose from an ever growing range of smart accessories, to give you a bespoke working environment.
